Library Cardholders & Regulations

District Residents

A Green Hills Public Library District Library card shall be issued without charge to an individual who (1) provides proof of his or her current residency within the District boundaries and (2) agrees to abide by all District policies and procedures, as amended from time to time. Identification and proof of residency are required at the time a Library card is issued. Cards will not be issued and materials will not be loaned to patrons who are known to have unresolved financial obligations at any library in Illinois. Cards entitle borrowers to full borrowing privileges, including Reaching Across Illinois Library System reciprocal borrowing.

Library cards are available to individuals of all ages. Youth access to specific Library services, as well as the right to privacy, is limited by Board policy and any applicable laws. A child under the age of eighteen may become a cardholder only with the cooperation and consent of the applicant's custodial parent or legal guardian. Custodial parent or legal guardian must be present at the time of Library card application and should be prepared to show proper identification as outlined above. The parent or guardian shall be fully responsible for the actions of the cardholder under eighteen years of age, until the cardholder reaches eighteen years of age. Cardholders under the age of eighteen shall be entitled to all rights and privileges accorded District cardholders without discrimination based upon age. Such cardholders and their parents or guardians shall be responsible for all fines, fees and other obligations relating to their Library card usage. The parent or guardian of a cardholder under the age of eighteen may ultimately be held liable for loss of or damage to Library property, or fines and fees incurred by such cardholder, to the extent allowable under applicable laws.

A schedule of fines and fees is located in the Appendix to this document.

Because the District is primarily financed by District taxpayers, the staff shall make all reasonable efforts to extend District resident status only to current District residents. To this end, all resident cardholders are required to renew their borrowing privileges once every three years.

Non-Residents

An individual residing outside of the District may purchase a Library card when permitted under applicable state laws and regulations, multi-library agreements, and Board action. An applicant for a non-resident Library card must (1) provide proof of his or her current residency in an eligible area, (2) pay the required annual fee, and (3) agree to abide by all District policies and procedures, as amended from time to time.

The annual fee for a non-resident library card shall be calculated as follows:

1. General mathematical formula (23 Ill. Admin. Code 3050.60(a).
2. For a family member of the non-resident Library cardholder, a Library card shall be available at no additional charge upon proof of current payment of the annual fee described above and proof of residency at the non-resident address at issue.

Upon completion of registration, the individual shall be a non-resident cardholder entitled to all rights and privileges accorded District resident cardholders. A non-resident Library card shall be valid only for the twelve months following payment of the annual fee. To continue receiving cardholder services, the non-resident homeowner or tenant and his or her family members must renew library card registration by presenting their Library card, reestablishing eligibility and paying the applicable annual fee. No refunds for partial years shall be issued.

District Property Owners who are Non-Residents

In accordance with 75 ILCS 16/30-55.60, a non-resident who, as an individual or as a partner, principal stockholder, or other joint owner, owns taxable property within the District or is a senior administrative officer of a firm, business, or other corporation owning taxable property within the District, may obtain one Library card for that parcel of property at no charge.

An application for a non-resident property owner Library card must:

1. Present the most recent tax bill upon taxable property and
2. Agree to abide by all District policies and procedures, as amended from time to time.

The Library card shall be issued in the name of one qualifying natural person, and not a corporation or other entity. No additional owner, employee or family member cards shall be issued.

Upon completion of registration, the individual shall be a non-resident cardholder entitled to all rights and privileges accorded District resident cardholders. A non-resident Library card shall be valid only for the twelve months following registration. To continue receiving cardholder services, the non-resident property owner must renew Library card registration annually by presenting his or her library card and reestablishing eligibility.

Digital Access Library Card

Youth ages 10–17 are eligible for a Digital Access Library Card, which entitles users to access all online services and excludes checkout of any physical materials. Application for a Digital Access Library Card does not require a custodial parent or legal guardian to be present. Identification and proof of residency are required at the time a Library card is issued. If proof of residency cannot be verified, the Library card shall be mailed to the address provided by the applicant. This Library card may be upgraded to allow full borrowing privileges if custodial parent or legal guardian is present with required identification. The parent or guardian shall be fully responsible for the actions of the Digital Access Library Cardholder under eighteen years of age, until the Digital Access Library Cardholder reaches eighteen years of age.

Courtesy Student Cards

A temporary Library card offering full privileges may be issued to a foreign exchange student residing in the District for a specified length of time. The student should make available all documentation regarding the program that they are involved in and the length of time they will be residing in the District. Identification and proof of residency are

required at the time a Library card is issued. A foreign exchange student must agree to abide by all District policies and procedures, as amended from time to time.

Reciprocal Borrowers

Borrowing privileges are extended to individuals who are valid cardholders of other Illinois libraries in conjunction with the statewide reciprocal borrowing agreement, upon completion of registration with the District.

Borrowing of District materials shall be permitted when an individual:

1. Provides proof of identity as the cardholder listed on the library card,
2. Establishes good standing as a library cardholder at his or her home library, and
3. Agrees to abide by all District policies and procedures, as amended from time to time.

Reciprocal borrowers shall be limited in their access to certain services and materials, as indicated throughout this Policy Manual.

Patron Identification

In its continuing obligation to safeguard District property and services, District staff shall require picture identification in conjunction with Library card issuance and all borrowing of materials. To facilitate patron identification, the District shall take and maintain a photograph of the cardholder in Library records, to be updated once every three years or upon request.

Any cardholder who declines to have his or her picture taken by the District must present his or her Library card and a valid photo ID upon checkout of Library materials. In such case, the only acceptable forms of identification shall be a valid Illinois driver's license, State identification card, or local elementary or high school photo ID. Mere presentation of a Library card, without such additional identification, shall be insufficient to borrow materials. Any cardholder who refuses to provide adequate picture identification shall not be permitted to borrow District materials. The Library reserves the right to request additional identification of cardholders before checking out materials.

Library Card Abuse and Fraud

Library cards issued by the District are to be used by the person issued the Library card. Sharing of Library cards among family members or others is not permitted.

Presenting the Library card of another to borrow materials or use other Library services shall result in the seizure of the Library card by Library staff and in no lending of materials or use of Library services by the non-cardholder. A cardholder who lends their card to a non-District resident to borrow materials or receive services they are not entitled to may have all Library privileges suspended for a period of up to three years by the Library Director, Deputy Director, or Head of Circulation Services. A hearing to appeal such suspension may be requested.

Any person who attempts to obtain or has obtained a Library card by the misrepresentation of their identity, address, or other relevant information will forfeit their eligibility for

Library District privileges for up to three years. Authorization for such forfeiture must come from the Library Director, Deputy Director, or Head of Circulation Services. A hearing to appeal said suspension may be requested.

Hold Pickup Authorization

Residents, non-residents, and reciprocal borrowers have the option to grant permission to any named individual to pick-up materials placed on hold. The named authorized user is required to present a valid photo ID at the time of checkout. Any changes to authorized users must be submitted, in writing, at the Circulation Desk. The District shall be held harmless for any liability that may be incurred due to a failure to inform the Library of any change in circumstances.

Change in Patron Registration Information

Cardholders must notify the District of any change in a patron's contact information. Use of a resident library card after moving outside of the District boundaries is neither lawful nor permitted. Such unauthorized use may be considered theft of Library services, and further action may be taken by the District, as circumstances warrant.

Continued access to the Green Hills Public Library District materials and services may be re-established through non-resident card purchase or registration as a reciprocal borrower, where applicable.

Telephone Use

The Library telephone system is for use in conducting Library business only.

In the event of a patron needing to use the telephone, staff may make a telephone call on the patron's behalf, in the Library staff's discretion at a time which is convenient for the staff member.

In the case of an emergency, Library staff will call the police, paramedics, or the fire department for a patron.

Patrons are permitted to use cell phones in the Library, but patrons' cell phones must be set to silent.

Amended August 2017

Unattended Children

Children under ten (10) years of age must be accompanied and attended to at all times by a parent, guardian or other responsible person eighteen (18) years of age or older who is taking an active role in attending to the child.

Green Hills Public Library District considers children who are left at the Library at closing time to be abandoned. Library staff is forbidden to take Library patrons, children or adults into their own vehicles. Library staff will call the police after waiting no more than 10 minutes and ask them to pick up any child left at the Library.

Library funding does not allow the Library to provide child-care services.

No person is allowed to wait inside the Library after closing time.

Income Tax Forms

The Library makes reproducible tax forms available to its patrons. The Library has no control over the accuracy of the forms, which forms are available, the quantity of forms, or when the forms will be made available by the federal or state governments.

Library staff is forbidden by law to answer any questions about taxes or tax forms, including which forms a person needs to file.

Amended June 2018

Interlibrary Loans (ILL) and Copy Service

The Library subscribes to the Reaching Across Illinois Library System Interlibrary Loan Policy Statement, the Interlibrary Loan Code for Illinois, and the National Interlibrary Loan Code.

Interlibrary Lending

The Library does not borrow any materials through interlibrary loan which it will not, in turn, send out through interlibrary loan.

The Library does not loan periodicals through interlibrary loan. A total of five photocopied articles per month will be supplied. Requests must be in compliance with the provisions of copyright law. Materials will be delivered to the requesting library.

See Appendix for Fines and Fees.

Interlibrary Borrowing

Interlibrary loans are materials borrowed from another Library through the Library. Interlibrary loans may be arranged through the staff.

This service is available to all Library cardholders in good standing.

The Library reserves the right to limit the number of active interlibrary loan requests per patron.

Any charges assessed by the loaning library will be passed on to the patron.

Amended June 2018

Reciprocal Borrowing

As a full member of the Reaching Across Illinois Library System, the District supports the Reciprocal Borrowing Principles of the Reaching Across Illinois Library System and the Illinois State Library.

Green Hills Public Library District cardholders may visit other participating libraries and check out their materials, under that library's circulation rules.

Patrons from other participating libraries (reciprocal borrowers) may use the collections of the Green Hills Public Library District in accordance with the rules of the Library.

Patrons from the Chicago Public Library System will be allowed to use the District's resources under the rules and guidelines currently in effect between Reaching Across Illinois Library System and the Chicago Public Library System.

District cardholders who incur fines from other libraries will be held responsible for those fines. In the event that the District is billed by the lending library, or through Reaching Across Illinois Library System, and the transaction is more than one year old upon receipt, we reserve the right to deny payment.

Amended November 2017

Lost or Damaged Materials

To make the best use of its materials budget and in fairness to all its taxpayers, the District will charge the replacement cost for materials lost or badly damaged by a patron. This may result in the responsible patron's borrowing privileges being suspended.

If an item has not been returned in 42 days, the automated system automatically sets the item status to "Lost." At that point, the selectors will decide to replace (if possible) the exact title or another title in the genre or subject area. A return of the items cannot be accepted after 42 days because money will have been spent or committed by the District to make suitable replacement at that point.

Replacement cost for lost magazines is \$5.00 each, regardless of title.

The Library is unable to accept items as a replacement in any kind.

Amended November 2018

Overdue Materials

It is the responsibility of each patron to verify, at the time of checkout, that the correct due date is assigned to each item and that this agrees with the computer due date. Unless a discrepancy is called to the attention of the staff at the time of checkout, it is assumed that the date in the computer is the correct due date.

It is the responsibility of each patron to return all materials prior to or on the date indicated. Materials turned in after the due date will be assessed a fine according to the Schedule of Fines and Fees. See Appendix for Fines and Fees.

Patrons can return materials inside the Library, at the outside material drop, and at another library that will send the materials back to District.

If a patron has overdue fines/fees in excess of \$4.99, that patron's borrowing and computer privileges are suspended until the materials are returned and the patron's balance is below \$5.00.

Overdue accounts in excess of \$24.99 shall be referred to a library collection agency.

Amended November 2017

Patron Conduct

The Library Board has the authority to determine the rules and regulations for the governance of the Green Hills Public Library District necessary to protect the rights of Library patrons to use Library materials and services, to protect the rights of Library employees to conduct Library business without interference, and to preserve Library materials and facilities. Illinois law authorizes the Library to "exclude from the use of the Library any person who willfully violates an ordinance or regulation prescribed by the Library Board." 75 ILCS 16/30-55.60

The Library Board believes that Library patrons have the right to use Library materials and services without being disturbed or impeded by other Library users; that Library patrons and employees have the right to an environment that is secure and comfortable; and that Library patrons and employees have a right to materials that are available and in good condition. Any conduct that disturbs Library patrons or employees or that hinders others from using the Library or Library materials is prohibited.

Alcoholic beverages are not allowed anywhere on the Library premises.

Library staff have the right to impose time limits on the continuous use of Library resources, including newspapers, magazines, or computers when others are waiting to use these resources.

When a Library patron engages in any prohibited activity, Library staff will inform the patron that the behavior is not allowed in the Library and that it must cease immediately. If a Library patron does not comply and does not cease behavior, staff will inform the Library patron he/she will have to leave the premises. If the person does not leave the premises, staff will inform the Library patron that police will be notified.

When a patron is excluded for misconduct, he or she shall be given an opportunity to discuss the basis for exclusion with the Library Director or the Director's designee. A patron who is excluded for a period of more than one day may request in writing that the Library Board of Trustees review the decision at the next regularly scheduled monthly Board meeting.

Amended August 2017

Patron Confidentiality

Under Illinois Statute 75 ILCS 70/1, the Library Records Confidentiality Act, registration records and circulation records of a library are confidential information. No person shall publish or make any information contained in such records available to the public with the one exception of records of minor patrons which will be made available to the parent, guardian, or custodian of the minor patron upon request.

Library records will not be made available to any local, state, or federal agency or any other person unless one or more of the following conditions exist:

- Library records have been subjected to a search warrant or court order requiring disclosure.
- Library records have been requested by a law officer in the scope of his/her duties on a matter involving public safety in urgent circumstances.
- The person who is subject of the records has requested the release of Library records.
- For Library administrative purposes only.

All requests for patron information, except in the case of a parent, guardian, or custodian of a minor patron, must be referred to the Library Director for authorization.

Amended August 2017

The Green Hills Public Library District may photograph Library visitors. Such photos are for Library use and may be published in Library publicity materials.

Reviewed September 2017

Animal Policy

Amended October 2017

Reference Services Policy

This policy is intended to define Reference Services provided for Library patrons, promote consistency in provision of services, and serve as a public statement regarding reference philosophy at the Library.

Goals of Reference Services

1. To assist Library patrons by providing timely, accurate, and useful materials and information.
2. To facilitate access to the Library's collection and resources.
3. To provide reader's advisory service.
4. To provide quick referral and effective follow-through on inquiries which cannot be answered with on-site resources.

Scope of Service

The Library provides reference assistance to any patron. Reference Services are provided by qualified staff members during all hours that the Library is open.

General Reference Policy

The first priority of Library staff is assistance to the public. All other work assignments are secondary. When responding to information requests, staff members will provide the patron with the title or cite of the source quoted. Effort is made to answer all types of questions with no distinction made about the purpose of the inquiry or the use of the information. All questions are handled in confidence to the extent required by law and with impartiality.

Types of Reference Services

1. Inquiries are accepted in person, by phone, fax, US mail, and email.
2. Patrons will be treated equally and their requests handled in the order in which they are received.
3. In the event of heavy demand, the patron is encouraged to leave their telephone number, leave voicemail, or if that is not satisfactory, the patron may call back. The patron will not be put on hold for extended periods as this prevents other patrons from reaching staff.
4. Even though a staff member may be on duty, that person may not be available to take telephone calls. In this case, the patron may leave a voicemail. Staff will respond as soon as possible.
5. Photocopy machines are available for the convenience of our patrons. Copies of non-circulating Reference Materials may be made at a nominal cost. Reference Materials may be checked out of the Library for a limited period only with permission from staff.
6. When patrons cannot come to the Library due to disabilities or unusual circumstances, the staff member may copy and mail up to 10 pages of information. Tax forms will not be mailed.

Interlibrary Loan

1. When requested materials are not available in the Library collection, the staff member will initiate an Interlibrary Loan request.
2. When appropriate to the request, referrals may be made to outside agencies, organizations, or libraries. The staff member may wish to phone the outside source to verify the usefulness of the referral before referring the patron to that source.
3. Long distance phone calls to obtain an answer to a reference question are the responsibility of the patron.
4. The Library reserves the right to refer patrons with some projects beyond our scope to other libraries or commercial research service, as the Library determines necessary.

Special Cases

1. Genealogy: The Library has materials relating to genealogical research. Patrons are provided with a general introduction to the resources and are instructed in use of the items. Additional materials may be acquired through Interlibrary Loan. Referrals to other organizations and agencies may be made. The Library staff will not perform genealogical searches.
2. Legal, Medical, and Investment Information: Assistance in the use of these materials will be provided to patrons who visit the Library. Brief answers may be quoted from published sources by telephone. The Library is not responsible for providing opinions or interpretations of legal, medical, or investment information, nor is the Library responsible for the accuracy of the published sources.
3. School Assignments: Student assignments are meant to be part of an educational process. Library staff will instruct patrons in the use of the Library resources and introduce appropriate materials.

Referrals

If information appropriate to the patron's need is not available at the Library, a referral will be made to outside services or agencies.

Fees

Patrons will be charged service fees assessed by the Library, or other providers, when the materials are not available at the Library. These fees may include photocopying service, delivery fees, etc. See Appendix for Fines and Fees.

Evaluation of Reference Services and Reference Service Policy

Reference Services at the Library are continually evaluated.

Amended September 2018

Program Policy

The Library may provide programming to support the mission of the Library. Library staff are responsible for the design, implementation and evaluation of programs.

The Library may engage the services of a presenter or performer. The purpose of Library programming is not to promote the presenter or his/her organization or product. The booking of a presenter or performer does not imply Library endorsement of the content of the program. The Library will require a certificate of insurance in an amount determined by the Library for any program including live animals, food preparation, or any other program for which proof of insurance coverage is deemed necessary by the Library.

Programming will be selected based on the following criteria:

- a. Community needs and interests;
- b. Availability of program space;
- c. Budget;
- d. Presenter background/qualifications in content area;
- e. Historical or educational significance;
- f. Connection to other community programs or events; and/or
- g. Relation to Library collections, resources, and programs.

The Library strives to open programs to everyone, but residents may be given preference for high-demand programs. In consideration of the Library's budget, space and other factors, space in programs may be limited. Patrons who are registered for an event they cannot attend are expected to cancel their registration at least 24 hours in advance. Patrons may be unable to register for future events, and will instead be placed on a waitlist, if they do not cancel their registration.

Amended September 2017

FREEDOM OF INFORMATION ACT POLICY

It is the policy of the Green Hills Public Library District to comply with requests for public records submitted to the District in accordance with the terms of the Illinois Freedom of Information Act (“Act”), as amended from time to time. A copy of the Act is on file for inspection at the District offices.

Amended March 2018

Computer and Internet Use Policy

1. Computers are available on a first come, first served basis to Green Hills Public Library District cardholders and registered reciprocal borrowers.
2. Users may only use their personal library card to access a computer. Sharing of cards or library card numbers is not permitted.
3. Users without a GHPLD card or registered reciprocal borrowing card can obtain a guest pass with presentation of a photo ID.
4. Users are allowed 60-minute sessions with the ability to extend their session in 30-minute increments if there is no pending reservation on the workstation.
5. A user's Library account must have a balance below \$5.00 in order to use a computer.
6. Computers in the Adult Services Department are available to users of high school age and older. Computers in the Youth Services Department are available to children under the age of 18 and caregivers who are supervising children.

9. Users may not damage or alter the Library's equipment, software, or network.
10. Users must vacate the computer immediately when instructed by a staff member.
11. No more than two people at a time may be at or around one computer.
12. Malicious use of the network or computers to harass others or to deliberately propagate any virus, worm, Trojan horse, or trapdoor program code is prohibited.
13. Users may not use computers for any illegal activity.
14. The Library has no control over the content of the Internet. Some patrons may find information on the Internet that is offensive, erroneous, or misleading. The Library has installed filtering software on all Internet workstations to help filter out those sites that may be obscene, illegal, and/or contain child pornography. No filter is 100% effective and the Library assumes no liability. If an adult patron believes that a website has been improperly blocked, the patron can notify the Library Director or designee, of the filtered site. If notified, the Library Director can then determine if the filtering software can be changed to allow access to the site, if it was inappropriately blocked.
15. Parents are responsible for monitoring their own children's use of the Internet. Parents are advised to have a discussion about safe and appropriate Internet use with their children, which should include guidance about use of email, social media, and other forms of direct electronic communication. Parents should stress that no child should share personal identifying information over the Internet.
16. The Library Director or designee may suspend or terminate Internet privileges if the Library staff reasonably believes that any user has violated this policy. Violation of this policy may result in Internet privileges being suspended or revoked, and may include contacting law enforcement authorities and/or legal action if determined appropriate. Future Internet use privileges and/or other library privileges may be modified and/or suspended in their entirety.

at the discretion of the Library. The Library Director will review these matters on a case-by-case basis and will take into consideration all applicable policies.

17. The Library makes no warranties of any kind in connection with its provision of access to and use of its networks and Internet. The Library shall not be responsible for any claims, losses, damages, or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any user and/or his or her parents or guardians arising out of the user's use of its computer network or Internet.

The Library subscribes to the principles set forth in "Access to Electronic Information Services, and Networks: an interpretation of the Library Bill of Rights," adopted by the ALA Council, January 24, 1996; amended January 19, 2005.

Amended May 2018

1. Asking individuals to discontinue their display of information and images that may cause a disruption;
2. Terminating an Internet session; and
3. Revoking a patron’s Library privileges.

By using this Service, users acknowledge and agree that **USE OF THIS SERVICE IS SOLELY AT THEIR OWN RISK**. By using this Service, users also agree to all terms set forth in the following Disclaimer.

Users agree to hold harmless and indemnify the Library, and its suppliers, licensors officers, directors, employees, agents and affiliates from and against any claim arising from or in any way related to the use of this Service.

Wi-Fi Hotspot Lending Policy

Materials Selection and Collection Development

The purpose of materials selection and collection development at the Green Hills Public Library District is to provide a current and broad collection of print, non-print, and electronic resources to meet the diverse informational, educational, cultural, and recreational needs of its residents.

Intellectual Freedom

The Library subscribes to the statements of policy on library philosophy as expressed in the American Library Association's Library Bill of Rights, the Freedom to Read, and Freedom to View.

The Library will ensure that the collection represents a wide range of viewpoints. Any person or group is free to read or reject materials of which it does not approve, but it should not expect the Library to restrict the freedom of others to read, view, or listen to what they choose.

The Library's selection of materials is not restricted by the possibility that children and adolescents may obtain items that parents consider inappropriate. The decision as to what a minor may read, view, or listen to is the responsibility of that individual's parent or guardian.

Selection Responsibility

Responsibility for selection of all materials rests with the Library Director who operates within the framework of policies and goals established by the Library Board. At the Library Director's discretion, the actual process of selection may be shared with or delegated to qualified Library staff.

Criteria Influencing Selection

Selection is based primarily on pre-publication reviews in a wide variety of professional, specialized and general journals; popular magazines; standard bibliographies; vendor lists; databases; and annual lists of recommended titles. Criteria influencing selection include, but are not limited to:

1. Community demand, whether expressed or anticipated.
2. Intrinsic value of a work, which encompasses accuracy, authority of content, comprehensiveness of treatment, style, and clarity.
3. Significance of a work.
4. Scope, depth, or approach of a work. For example, highly technical materials and scholarly studies of extremely limited value to the community at large will not be added to the collection. The staff will assist the patron in obtaining these materials through the process of interlibrary loan or by other means.
5. Authority, reputation, and standing of the author, editorial board, or publisher.
6. Due to budgetary and space considerations, the requestor agrees to accept an electronic version of the title downloaded to a Library eReader, if the Library selector believes this is the most cost effective way to deliver the requested material.

Parameters of the Collection

The Library will provide various types of materials. Such materials may include: books, periodicals, newspapers, audiobooks, compact discs, electronic, and other appropriate media; as they become widely available.

Areas of Limited Acquisition

1. Textbooks: The Library will not purchase textbooks needed by students for coursework. However, the Library collection will include materials to supplement local school district curricula.
2. Law and Medicine: Legal and medical works are acquired only if they are useful to the average layperson.
3. Genealogy: The Library purchases general guides and specialized electronic databases to help the people of the Library trace their ancestry.

Maintenance of the Collection

To ensure a vital collection of continued value to the community, materials which have deteriorated, become dated, or otherwise outlived their usefulness are withdrawn. Replacement of withdrawn materials will be based on community interest and availability of newer items. Duplicate copies of titles will be purchased only when there is sufficient public demand.

Reconsideration of Library Materials

The responsibility of the Library is to serve the entire community and the variety of people who comprise it, not to promote – and above all not to censor – any particular political, moral, philosophical, or religious conviction or opinion.

Anyone who wishes to question why materials were selected or were not selected will be referred to the Library Director and designated selectors. The complainant will be provided with a copy of the Library's Materials Selection and Collection Development Policy and will have an opportunity to discuss any concerns regarding the material. If the matter is not resolved after discussion with the patron, he or she will be asked to complete a "Request for Reconsideration of a Title" form. The form will be submitted to the Library Director for further consideration, and may be referred to a staff committee for an in depth review, if necessary. The Library Director will notify the patron of the outcome.

In the event that the patron wants to further pursue the complaint, the Library Director will bring the matter to the attention of the Library Board of Trustees for its consideration. The patron will be advised of the Board's decision in writing.

Adopted March 9, 1999
Amended June 2018

LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Amended March 2018

THE FREEDOM TO READ

The freedom to read is essential to our democracy. It is continuously under attack. Private groups and public authorities in various parts of the country are working to remove or limit access to reading materials, to censor content in schools, to label “controversial” views, to distribute lists of “objectionable” books or authors, and to purge libraries. These actions apparently rise from a view that our national tradition of free expression is no longer valid; that censorship and suppression are needed to counter threats to safety or national security, as well as to avoid the subversion of politics and the corruption of morals. We, as individuals devoted to reading and as librarians and publishers responsible for disseminating ideas, wish to assert the public interest in the preservation of the freedom to read.

Most attempts at suppression rest on a denial of the fundamental premise of democracy: that the ordinary individual, by exercising critical judgment, will select the good and reject the bad. We trust Americans to recognize propaganda and misinformation, and to make their own decisions about what they read and believe. We do not believe they are prepared to sacrifice their heritage of a free press in order to be “protected” against what others think may be bad for them. We believe they still favor free enterprise in ideas and expression.

These efforts at suppression are related to a larger pattern of pressures being brought against education, the press, art and images, films, broadcast media, and the Internet. The problem is not only one of actual censorship. The shadow of fear cast by these pressures leads, we suspect, to an even larger voluntary curtailment of expression by those who seek to avoid controversy or unwelcome scrutiny by government officials.

Such pressure toward conformity is perhaps natural to a time of accelerated change. And yet suppression is never more dangerous than in such a time of social tension. Freedom has given the United States the elasticity to endure strain. Freedom keeps open the path of novel and creative solutions, and enables change to come by choice. Every silencing of a heresy, every enforcement of an orthodoxy, diminishes the toughness and resilience of our society and leaves it the less able to deal with controversy and difference.

Now as always in our history, reading is among our greatest freedoms. The freedom to read and write is almost the only means for making generally available ideas or manners of expression that can initially command only a small audience. The written word is the natural medium for the new idea and the untried voice from which come the original contributions to social growth. It is essential to the extended discussion that serious thought requires, and to the accumulation of knowledge and ideas into organized collections.

We believe that free communication is essential to the preservation of a free society and a creative culture. We believe that these pressures towards conformity present the danger of limiting the range and variety of inquiry and expression on which our democracy and our culture depend. We believe that every American community must jealously guard the freedom to publish and to circulate, in order to preserve its own freedom to read. We believe that publishers and librarians have a profound responsibility to give validity to that freedom to read by making it possible for the readers to choose freely from a variety of offerings.

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those which are unorthodox, or unpopular, or considered dangerous by the majority.

Creative thought is by definition new, and what is new is different. The bearer of every new thought is a rebel until that idea is refined and tested. Totalitarian systems attempt to maintain themselves in power by the ruthless suppression of any concept which challenges the established orthodoxy. The power of a democratic system to adapt to change is vastly strengthened by the freedom of its citizens to choose widely from among conflicting opinions offered freely to them. To stifle every nonconformist idea at birth would mark the end of the democratic process. Furthermore, only through the constant activity of weighing and selecting can the democratic mind attain the strength demanded by times like these. We need to know not only what we believe but why we believe it.

2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.

Publishers and librarians serve the educational process by helping to make available knowledge and ideas required for the growth of the mind and the increase of learning. They do not foster education by imposing as mentors the patterns of their own thought. The people should have the freedom to read and consider a broader range of ideas than those that may be held by any single librarian or publisher or government or church. It is wrong that what one can read should be confined to what another thinks proper.

3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.

No art or literature can flourish if it is to be measured by the political views or private lives of its creators. No society of free people can flourish that draws up lists of writers to whom it will not listen, whatever they may have to say.

4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.

To some, much of modern literature is shocking. But is not much of life itself shocking? We cut off literature at the source if we prevent writers from dealing with the stuff of life. Parents and teachers have a responsibility to prepare the young to meet the diversity of experiences in life to which they will be exposed, as they have a responsibility to help them

learn to think critically for themselves. These are affirmative responsibilities, not to be discharged simply by preventing them from reading works for which they are not yet prepared. In these matters values differ, and values cannot be legislated; nor can machinery be devised which will suit the demands of one group without limiting the freedom of others.

5. It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.

The ideal of labeling presupposes the existence of individuals or groups with wisdom to determine by authority what is good or bad for others. It presupposes that individuals must be directed in making up their minds about the ideas they examine. But Americans do not need others to do their thinking for them.

6. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.

It is inevitable in the give and take of the democratic process that the political, the moral, or the aesthetic concepts of an individual or group will occasionally collide with those of another individual or group. In a free society individuals are free to determine for themselves what they wish to read, and each group is free to determine what it will recommend to its freely associated members. But no group has the right to take the law into its own hands, and to impose its own concept of politics or morality upon other members of a democratic society. Freedom is no freedom if it is accorded only to the accepted and the inoffensive. Further, democratic societies are more safe, free, and creative when the free flow of public information is not restricted by governmental prerogative or self-censorship.

7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.

The freedom to read is of little consequence when the reader cannot obtain matter fit for that reader's purpose. What is needed is not only the absence of restraint, but the positive provision of opportunity for the people to read the best that has been thought and said. Books are the major channel by which the intellectual inheritance is handed down, and the principal means of its testing and growth. The defense of the freedom to read requires of all publishers and librarians the utmost of their faculties, and deserves of all Americans the fullest of their support.

We state these propositions neither lightly nor as easy generalizations. We here stake out a lofty claim for the value of the written word. We do so because we believe that it is possessed of enormous variety and usefulness, worthy of cherishing and keeping free. We realize that the application of these propositions may mean the dissemination of ideas and manners of expression that are repugnant to many persons. We do not state these propositions in the comfortable belief that what people read is unimportant. We believe rather that what people read is deeply important,

that ideas can be dangerous; but that the suppression of ideas is fatal to a democratic society.
Freedom itself is a dangerous way of life, but it is ours.

Amended March 2018

FREEDOM TO VIEW

The FREEDOM TO VIEW, along with the freedom to speak, to hear, and to read, is protected by the First Amendment to the Constitution of the United States. In a free society, there is no place for censorship of any medium of expression. Therefore, these principles are affirmed:

1. To provide the broadest access to film, video, and other audiovisual materials because they are a means for the communication of ideas. Liberty of circulation is essential to insure the constitutional guarantees of freedom of expression.
2. To protect the confidentiality of all individuals and institutions using film, video, and other audiovisual materials,
3. To provide film, video, and other audiovisual materials which represent a diversity of views and expression. Selection of a work does not constitute or imply agreement with or approval of the content.
4. To provide a diversity of viewpoints without the constraint of labeling or prejudging film, video, or other audiovisual materials on the basis of the moral, religious, or political beliefs of the producer or filmmaker or on the basis of controversial content.
5. To contest vigorously, by all lawful means, every encroachment upon the public's freedom to view.

The Green Hills Public Library District gratefully accepts unrestricted donations of money, personal property, or real estate for the benefit of the Library as outlined by Illinois Statutes, including Section 30-75 of the Illinois Public Library District Act, 75 ILCS 16/30-75. Restricted cash donations will be considered by the Library Board.

When the Library receives a cash gift for the purchase of materials, whether as a memorial or for another purpose, the general nature or subject area will be based on the wishes of the donor. - (7) Anything provided by an individual on the basis of a personal friendship unless the recipient has reason to believe, that under the circumstances, the gift was provided because of the official position or employment of the recipient or his or her spouse or immediate family member and not because of the personal friendship. In determining whether a gift is provided on the basis of personal friendship, the recipient shall consider the circumstances under which the gift was offered, such as: (i) the history of the relationship between the individual giving the gift and the recipient of the gift, including any previous exchange of gifts between those individuals; (ii) whether the actual knowledge of the recipient the individual who gave the gift personally paid for the gift or sought a tax deduction or business reimbursement for the gift; and (iii) whether the actual knowledge of the recipient of the individual who gave the gift also at the same time gave the same or similar gifts to other officers or employee, or their spouses or immediate family members.

Each of these exceptions listed in this Section is mutually exclusive and independent of every other.

An officer or employee, his or her spouse or an immediate family member living with the officer or employee, does not violate this Gift Ban Policy if the recipient promptly takes reasonable action to return a gift from a prohibited source to its source or gives the gift or an amount equal to its value to an appropriate charity that is exempt from income taxation under Section 501 (c)(3) of the Internal Revenue Code of 1986, as now or hereafter amended, renumbered, or succeeded.

ELECTRONIC COMMUNICATION POLICY FOR TRUSTEES

Green Hills Public Library District Policy

This policy has been created to avoid violations of the Open Meetings Act by our elected officials. Trustees shall not use electronic communications to discuss amongst themselves public business that is required to be discussed in an open meeting pursuant to the Open Meetings Act.

Trustees must “reply only” to electronic communications initiated by the Library Director or other administrative staff. If the Library Director or other administrative staff sends an email to all trustees, the email will contain notification that provides, “Trustees DO NOT REPLY TO ALL.” Trustees that initiate communications (about Library business) by electronic means should communicate with the Library Director (or other appropriate administrative staff) and avoid including other trustees. It is also permissible for a trustee to query the Board President and / or the Library Director but exclude all other trustees.

An appropriate record of these communications will be maintained in the District files to ensure compliance with state law.

Under the Freedom of Information Act, electronic messages that have been prepared, or have been or are being used, received, possessed, or under the control of any public body or that pertain to the transaction of public business are public records. As such, the messages will be subject to disclosure in response to a FOIA request, unless an exemption applies. Messages may also be subject to disclosure in the context of litigation or in response to a court order.

**GREEN HILLS PUBLIC LIBRARY DISTRICT, ILLINOIS,
COOK COUNTY, ILLINOIS
FUND BALANCE POLICY IN ACCORDANCE WITH GASB #54**

Background

In February 2009, the Governmental Accounting Standards Board (GASB) issued GASB #54 Fund Balance Reporting and Governmental Fund Type Definitions. The statement substantially changes how fund balances are categorized. It clarifies/modifies how some of the governmental funds are presented and classified.

Purpose

To provide a stable financial environment for the Green Hills Public Library District, Illinois (hereinafter referred to as “District”) operations that allows the District to provide quality services to its residents in a fiscally responsible manner designed to keep services and taxes as consistent as possible over time. This Fund Balance Policy is meant to serve as the framework upon which consistent operations may be built and sustained.

Definitions and Policies

Fund Balance.

Fund balance is the difference between assets and liabilities in governmental funds (i.e. general fund, special revenue funds, capital project funds, debt service funds and permanent funds).

Non-spendable Fund Balance.

Describes the amount of a fund balance that cannot be spent because it is either not in spendable form or there is a legal or contractual requirement for the funds to remain intact.

Policy

At the end of each fiscal year, the District will report the portion of the fund balance that is not in spendable form as Non-spendable Fund Balance on the financial statements.

Spendable Fund Balance (Overview).

Describes the amount of fund balance that is available to appropriation based on the constraints that control how specific amounts can be spent. Typically, a significant portion of a government’s spendable resources can be spent only for specified purposes. The following categories define the revenue source and the level of force of the constraint on spending. Categories should be supported by actual plans approved by either the governing body, an appropriate officer, grant providers or enabling legislation.

Restricted Fund Balance

The restricted fund balance category includes the portion of the spendable fund balance that reflects constraints on spending because of legal restrictions stipulated by outside parties (e.g. encumbrances for goods or services with outside parties, creditors, grantors, outstanding at the end of the year), and any legal restrictions based on state statutes or grant requirements placed on the use for specific purposes.

Policy

At the end of each fiscal year, the District will report “restricted” fund balance for amounts that have applicable legal restrictions per GASB #54. In addition, encumbrances or funds restricted by enabling legislation will be reported as “restricted”.

Committed Fund Balance

The committed fund balance classification includes the portion of the spendable fund balance that reflects constraints that the District has imposed upon itself by a formal action of the Board of Trustees (for example, an ordinance or resolution passed by the Board of Trustees). This constraint must be imposed prior to year-end but the amount can be determined at a later date.

Policy

Prior to the end of each fiscal year, the District will report “committed” fund balance for long-term loan receivables such as advances to other funds and similar accounts as well as including commitments of funds for future capital projects and other long term projects.

Assigned Fund Balance

The assigned fund balance is the portion of the spendable fund balance that reflects funds intended to be used by the governmental for specific purposes assigned by more informal operational plans (e.g. capital goods replacement, the constraint on use is not imposed by external parties or by formal Board action). In governmental funds other than the General Fund (Special Revenue Funds, Capital Project Funds, Debt Service Funds and permanent funds), assigned fund balance represents the amount that is not restricted or limited. The authority to “assign” fund balance is delegated to the District Treasurer.

Policy

Capital Goods Replacement

At the end of each fiscal year, the District will report “assigned” fund balance for equipment replacement according to the District’s Capital Improvement Plan.

Special Revenue Funds Cash Flow

At the end of each fiscal year, the District will maintain spendable-assigned portion of the fund balance for cash flow in a range equal to 20% to 50% of the subsequent year’s budgeted revenues.

Unassigned

This is the residual classification for the government’s General Fund and includes all spendable amounts not contained in the other classifications and, therefore, not subject to any constraints. Unassigned amounts are available for any purpose. These are the current resources available for which there are no governmental self-imposed limitations or set spending plan. Although there is generally no set spending plan for the undesignated portion, there is a need to maintain a certain

funding level. Undesignated fund balance is commonly used for emergency expenditures not previously considered. In addition, the resources classified as undesignated can be used to cover expenditures for revenues not yet received.

Policy

Cash Flow

At the end of each fiscal year, the District will maintain spendable-unassigned portions of the fund balance for cash flow in a range equal to 35% to 60% of the General Fund operating expenditures. In addition to the cash flow needs, this accommodates emergency contingency concerns. In the event that amounts designated for cash flow fall above or below the desired range, the District Treasurer shall report such amounts to the Board of Trustees as soon as practical after the end of the fiscal year. Should the actual amount designated for cash flow fall below the desired range, the District shall create a plan to restore the appropriate levels. Should the actual amount designated for cash flow rise above the desired range, any excess funds will remain undesignated pending the Board's final decision concerning transfer to the Special Reserve Fund. It is the policy of the District that such excess funds will be reported in the spendable limited category of this Policy.

2.0 INVESTMENT GUIDELINES:

The primary objective in the investment of Library funds is to ensure the safety and principal, while managing liquidity to pay the financial obligations of the Library, and providing the highest investment return using authorized instruments.

2.1 SAFETY:

The safety of principal is the foremost objective of the investment program. Library investments shall be undertaken in a manner which seeks to ensure the preservation of capital in the portfolio. To attain this objective, diversification, as defined in Section 9.0 of this Policy, is required to ensure that the Library prudently manages market, interest rate and credit risk.

2.2 LIQUIDITY:

The investment portfolio shall remain sufficiently liquid to enable the Library to meet all operating requirements which might be reasonably projected.

2.3 RETURN OF INVESTMENT:

The investment portfolio shall be designed to obtain the highest available return, taking into account the Library's investment risk constraints and cash flow needs and the Library's desire to promote fiscal responsibility. The portfolio shall seek to obtain the highest investment return using authorized investments during budgetary and economic cycles as mandated in Section 1.0 of this Policy.

The rate of return achieved on the Library's portfolio will be measured against relevant industry benchmarks at regular intervals to determine the effectiveness of investment decisions in meeting investment goals.

2.4 PERIODIC REVIEW OF INVESTMENT PORTFOLIO:

The investment advisor or advisors appointed by the Library Board pursuant to Section 14.0 of this Policy shall make a periodic review, not less frequently than weekly, of the Library's investment portfolio, its effectiveness in meeting the Library's needs for safety, liquidity, rate of return, and diversification, and the general performance of such portfolio. Should a non-employee investment advisor or advisors be appointed, reports shall be made to the Library Director on an "as needed" basis, and shall report to the Library Board at least quarterly.

3.0 PRUDENCE:

Investments shall be made with the judgment and care under the circumstances then prevailing which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable preservation of their capital as well as the probable income to be derived. This "prudent person" standard shall be used by all investment officers of the Library and shall be followed in making investments for the Library and in managing those investments.

4.0 ETHICS AND CONFLICTS OF INTEREST:

Authorized investment officers of the Library and employees in policy-making positions shall refrain from personal business activity that could conflict, or give the appearance of a conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Such individuals shall disclose to the Library any material financial interests in financial institutions which conduct business with the Library, and they shall further disclose any personal financial investment positions that could be related to the performance of the investment portfolio. In addition, such individuals shall subordinate their personal investment transactions to those of the investment portfolio, particularly with regard to the time of purchases and sales.

No person acting as Treasurer or financial officer for the Library, or who is employed in any similar capacity by or for the Library, may do any of the following:

- 1) Have any interest, directly or indirectly, in any investments in which the Library is authorized to invest.
- 2) Have any interest, directly or indirectly, in the sellers, sponsors, or managers of those investments.
- 3) Receive, in any manner, compensation of any kind from any investments in which the Library is authorized to invest.

5.0 AUTHORIZED BROKER/DEALERS AND FINANCIAL INSTITUTIONS:

Authorized investment officers shall utilize the Library's approved list of financial institutions when selecting institutions to provide investment services. No public deposit shall be made except as authorized by the Illinois Public Funds Investment Act (30 ILCS 235/0.01 et seq.)

In addition, a list shall be maintained of approved security broker/dealers selected according to their creditworthiness, and their financial efficiency in serving the Library, which shall be time employees, the size of its payroll, and the extent to which the broker/dealer has an economic value to the Library. The list may include “primary” dealers or regional dealers which qualify under Securities and Exchange Commission Rule 240.15c3-1 (Net Capital Requirements for Brokers Or Dealers).

All financial institutions and broker/dealers who want to qualify to bid investment transactions must initially, and on a periodic basis upon request, provide to the Library’s authorized investment officers the following, where applicable:

- a) Audited financial statements;
- b) Proof of minority/female/disabled broker status;
- c) A trading resolution;
- d) Proof of State of Illinois registration;
- e) Completed Broker/Dealer Questionnaire;
- f) Certification of notice and knowledge of the Library’s Investment Policy;
- g) Published reports for brokers from rating agencies with investment grade ratings;
- h) Proof of emerging broker status; and
- i) Consolidated Reports of Condition and Income.

An annual review of the financial condition and registration of qualified bidders will be conducted by the Library’s authorized investment officers. More frequent reviews may be conducted if warranted.

A current audited financial statement is required to be on file for each financial institution and broker/dealer with which the Library establishes a depository, trading, or safekeeping relationship. Qualified bidders shall submit annual audited financial statements and shall submit financial statements when a material change occurs in the financial condition or registration of qualified bidders.

6.0 AUTHORIZED AND SUITABLE INVESTMENTS:

As of the effective date of this Policy, the list of authorized investments shall include those authorized by Section 2 of the Public Funds Investment Act, 30 ILCS 235/2.

7.0 INVESTMENT RESTRICTIONS:

- a) Authorized investment officers shall not invest in tri-party repurchase agreements or derivative products, and will not leverage assets through reverse repurchase agreements.
- b) Except for repurchase agreements of government securities which are subject to be Government Securities Act of 1986, the Library shall not purchase or invest in instruments which constitute repurchase agreements, and no financial institution may enter into such an agreement with or on behalf of the Library unless the instruments

and the transaction meet the requirements of Section 2(h) of the Illinois Public Funds Investment Act (30 ILCS 235/2(h)).

- c) Repurchase agreements may be executed only with the approved financial institutions or broker/dealers meeting the Library's established standards, which shall include a mutual execution of a Master Repurchase Agreement adopted by the Library.

8.0 COLLATERALIZATION:

Collateralization will be required above depository insured amounts on two types of Library investments:

- 1) Deposit Collateralization: Collateral securities approved by the Library with a market value equal to at least 110% of deposits in excess of \$100,000 per institution shall be required. The collateral shall be marked to market and adjusted, if necessary, to the 110% level on at least a weekly basis. Insured certificates of deposit, share certifications, surety bonds and letters of credit with a value of at least 102% of deposits in excess of \$100,000 per institution shall be required.
- 2) Repurchase Agreement Collateralization: Direct treasury securities with a market value equal to at least 102% of the value of the repurchase agreement shall be maintained at all times. Repurchase agreement collateral shall be marked to market at the time of execution, and daily thereafter.

9.0 DIVERSIFICATION:

The investment portfolio shall be diversified to eliminate the risk of loss resulting from concentration of assets in a specific maturity, a specific issuer or a specific class of securities. In order to properly manage any risk attendant to the investment of Library assets, the portfolio shall not exceed the following diversification limits unless specifically authorized by the Library Board:

- a) The Library shall seek to achieve diversification in the portfolio by distributing investments among authorized investment categories among financial institutions, issuers and broker/dealers;
- b) The investment portfolio shall at no time hold time deposits constituting more than 10% of any single financial institution's total deposits;
- c) No investment category shall exceed 40% of the Library's portfolio, with the exception of cash equivalents and treasury securities as defined in Section 5.0 of this Policy; and
- d) The Library shall invest the majority of Library funds in authorized investments of less than one (1) year maturity. No investment shall exceed two (2) years maturity.

10.0 SAFEKEEPING AND CUSTODY:

All security transactions entered into by the Library shall be conducted on a delivery-versus-payment (DVP) or receipt-versus-payment (RVP) basis. Securities shall be held by a safekeeping agent designated by the Library, and evidenced by safekeeping receipts.

11.0 INTERNAL CONTROLS:

The Library's investment advisor(s) shall establish a system of internal controls, which shall be documented in writing and filed with the Library Board for review. The controls shall be designed to prevent losses of public funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets or imprudent actions by authorized investment officers.

11.1 ASSET ALLOCATION:

The allocation of assets within investment categories authorized under Section 5.0 of this Policy shall be approved by the Library Board.

11.2 COMPETITIVE BIDDING:

Authorized investment officers shall obtain competitive bids from at least three (3) broker/dealers prior to executing the purchase or sale of any authorized investments. Certificates of deposit shall be purchased by authorized investment officers on the basis of a qualified financial institution's ability to pay a required rate of interest to the Library set on a daily basis. Such rate is generally determined on the basis of treasury or other appropriate market rates for a comparable term.

12.0 LIMITATION OF LIABILITY:

The standard of prudence to be used by authorized investment officers shall be the "prudent person" standard as stated in Section 3.0 above, and shall be applied in the context of managing an overall portfolio. Authorized investment officers acting in accordance with written procedures and this Policy and exercising due diligence shall be relieved of personal liability for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and necessary action is taken to control adverse developments.

13.0 REPORTING:

Financial reports shall be presented quarterly to the Library Board by the Library Director. The quarterly report shall contain the following:

- a) Performance as compared to established benchmarks;
- b) Asset allocation;
- c) Any circumstances resulting in a deviation from the standards established in Section 10.0 of this Policy;
- d) Impact of any material change in investment policy adopted during the quarter;
- e) The average days to maturity; and
- f) A listing of all investments in the portfolio marked to market value, including but not limited to information regarding securities in the portfolio by class or type, by value, income earned and market value as of the report date.

The Library's investment advisor(s), should such advisor(s) be some person or some entity other than an employee of the Library, shall develop performance reports in compliance with established industry reporting standards within six months following the adoption of this Investment Policy. Such reporting standards may include those sanctioned by the Association of Investment Management Research ("AIMR") in accordance with Generally Accepted Accounting Principles ("GAAP").

14.0 DELEGATION OF AUTHORITY:

The Library Board may employ one or more investment advisor(s) possessing superior capabilities in the management of assets of governmental bodies. The Library Board shall require the investment advisor(s) selected and working on behalf of the Library to meet the following conditions:

- 1) To take actions in the exercise of its discretion which in its best professional judgment are in the best interests of the Library in accordance with this Policy. Such actions include but are not limited to (a) the allocation of Library funds among alternative types of investments; (b) specific investment opportunities regarding the acquisition, retention or disposition of investments; and (c) the recommendation of the addition, deletion or modification of authorized investments.
- 2) To execute all investment transactions on behalf of the Library at the best net price, utilizing such approved brokers and dealers as it deems appropriate to obtain the best execution capabilities and/or valuable information with respect to the economy, at the lowest cost to the Library.
- 3) Such additional responsibilities as are set forth in such investment advisor's written contract with the Library.

The Library's investment advisor(s) shall be responsible for establishing the internal controls in written procedures for the operation of the Library's investment program as set forth in this Policy.

Until the Library Board appoints one or more non-employee investment advisor(s), management responsibility for the investment program set forth in this Policy is delegated to the Library Director.

Amended April 2018

Social Media Policy

The purpose of this policy is to address use of social media, such as Twitter, Facebook and LinkedIn, by the Green Hills Public Library District (“Library”) and its employees, volunteers, elected officials and patrons. The Library uses social media to increase awareness of and accessibility to its programs, resources and services in order to serve its mission.

Article I Library – Sponsored Social Media

Only those employees responsible for the Library’s social media sites should be actively participating on those sites during work hours. Employees who contribute to the Library’s social media shall present content in a professional manner and should check facts, cite sources, avoid copyright infringement, present balanced views, acknowledge and correct errors and check grammar and spelling before posting.

Employees should not discuss confidential, work-related matters through social media.

Content that is posted on Library-sponsored social media sites is subject to the Freedom of Information Act and records retention requirements.

Article II Employee Personal Use of Social Media

Library employees have the same right to self-expression enjoyed by members of the community as a whole when discussing matters of public concern. As public employees, Library employees are cautioned that speech made pursuant to official duties is not protected speech under the First Amendment and may form the basis for discipline if deemed a violation of any policy of the Library. Employees should keep in mind the following best practices when posting content about library-related subjects and issues on personal time.

1. If you identify yourself as an employee of the Library, make it clear that the views expressed are yours alone and do not represent the views of the Library.
2. Respect the Library’s confidential and proprietary information. Do not post information that is still in draft form or is confidential.

No comments with any kind of negative, mocking, condescending, etc. slant should be made about patrons in general, about specific questions from patrons, or about patron behavior on the Library’s social media sites.

The Library does not endorse, monitor or review the content of personal, non-Library related social media activity of its employees.

Employee use of personal social media is not permitted during working hours except for work-related purposes such as professional development or library-related social media outlets. Moreover, while employees are working, they may not use any Library equipment for posting anything to their personal social media sites.

Article III Posting on Social Media Sites

The Library permits patrons to comment on Library posts. It does not endorse the opinions expressed in posts on its social media sites.

While the Library recognizes and respects differing opinions and the First Amendment rights of its employees and patrons, the Library reserves the right to delete posts that violate Library policy. Failure to comply with federal, state and local law as well as Library policies will be grounds for suspension of posting privileges.

Posts that contain any of the following are prohibited and will be removed:

- Obscene material
- Child pornography
- Libel, slander, or defamation
- Discriminatory or harassing language
- Copyrighted or trademarked material
- Spam
- Advertising or sale of merchandise or services

Article IV

The Library, its employees, agents and officials assume no responsibility for any damages, direct or indirect, arising from participation in Library-sponsored social media. Violations of this policy by employees may result in discipline, up to and including termination of employment.

Adopted May 2013
Amended May 2018

Security Camera Policy

The Green Hills Public Library District uses security cameras for the safety and security of Library users, staff, and property. The security camera installation consists of dedicated cameras, which provide real-time surveillance through a video management system. The primary purpose of security cameras is to discourage inappropriate and illegal behavior and activities and, when necessary, to provide assistance to law enforcement in the apprehension and prosecution of offenders, in accordance with applicable federal, state, and local law regarding the confidentiality of library records.

Public Notice

The Library shall post and maintain signs at the entrances of each building giving notice of the use of security cameras for monitoring and recording activity in public areas of the Library property.

Camera Location

Cameras are positioned to monitor public areas of the Library such as service areas, entrances and areas prone to theft, vandalism, or other activities that may violate Library policy or criminal law.

Access to Digital Images

Video data is recorded and stored digitally. Recorded data is considered confidential and secure. Access to live feeds of images and recorded video data is limited to authorized Library staff designated by the Library Director. Live feed activities are randomly monitored. Because the cameras will not be continuously monitored, the public and staff should take appropriate precautions for their safety and the security of their personal property. The Library is not responsible for the loss of property or personal injury.

Unauthorized Access and/or Disclosure

Confidentiality and privacy issues may limit the public from viewing security camera footage that contains personally identifying information about Library users. All requests for disclosure of recorded images, except as stated above for law enforcement, shall be made in accordance with the Freedom of Information Act, and submitted to the Library Director. The Director shall review the requested images and determine if the images contain any information protected by the Library Records Confidentiality Act.

Only authorized employees can view and/or export video footage. No unauthorized recording of video footage through cell phones, portable devices, or any other means is permitted. Any Library employee who becomes aware of unauthorized disclosure of a video recording and/or a potential privacy breach has a responsibility to immediately inform the Library Director.

Retention of Digital Images

Recordings shall be kept for approximately 30 days with the exception of appropriate still shots or selected portions of the recorded data relating to specific incidents. The latter shall be retained for one year after the incident or until such time as any legal matters pertaining to the recording have been resolved. The storage media shall be kept in a secure area. In situations involving banned patrons, stored still images may be shared with staff Library-wide.

Patron Privacy

Video surveillance records are not to be used directly or indirectly to identify the activities of individual Library patrons except as viewed in relation to a specific event or suspected criminal activity, suspected violation of Library policy or incidents where there is reasonable basis to believe a claim may be made against the Library for civil liability.

Authorized individuals may use a still shot or selected portions of recorded data to request law enforcement review for assessing the security risk of a specific individual or for investigating a crime on Library property.

Law enforcement officials or agencies may be provided access to the recorded data pursuant to a subpoena, court order, or as permitted by law.

Recorded data will be accorded the same level of confidentiality and protection provided to Library users by Illinois state law and the Library's policies.

Disclaimer of Liability

The Library disclaims any liability for use of the video data in accordance with the terms of this policy, given that the Library is a public facility and the security cameras shall be limited to those areas where patrons and/or staff have no reasonable expectation of privacy.

Damages and Liability

Any individual using the Library shall be held responsible for willful or accidental damage to the Library's building and collections caused by the individual in accordance with the Library's Policies.

Adopted June 2018

Purchasing Policy

The purpose of this policy is to ensure fiscal responsibility of taxpayer funds and full compliance with local, state, and federal laws.

Authority to Spend

The Library Board retains fiscal responsibility for the Library District. Under the direction of the Library Board, the Library Director and his/her designee shall have the authority to purchase or lease products or services to provide the best and most efficient public library services available.

Goods and services regularly purchased by the Library District may be approved by department heads and his/her designee, without Library Director approval, for purchases up to \$500. The Library Director may authorize purchases of up to \$25,000 without prior approval of the Board.

In accordance with State law, all purchase orders or contracts for products and services in excess of \$25,000 shall be subject to a competitive bidding process, unless a specific State law exemption applies. In certain circumstances, the practical interests of the Library District may be served by a purchase from a certain vendor even if the amount of the purchase exceeds \$25,000. In such cases, the Library Board may waive compliance with the competitive bid process, unless required by State law.

Purchases and services less than \$25,000 may be made with attention to the lowest possible cost, consistent with needs of the user departments with regard to durability, performance, prior experience, delivery and service capability. Where possible and practicable, three written proposals or three documented price quotes from qualified vendors shall first be obtained.

Expenditures for payroll, employee fringe benefits, operational expenditures, Library District materials, and professional contracted services are exempt from this policy.

Credit Cards

The Library Director and his/her designees are authorized to make purchases using Library District credit cards. Any changes to personnel entrusted with a credit card or the total spending limit on all credit cards must be approved in advance by the Library Board. The Library District's overall credit limit is \$13,400. Each individual's credit card will have a pre-set limit as follows:

- Board Vice President: \$13,400
- Library Director: \$10,000
- Business Director: \$10,000
- Deputy Director: \$2,500
- Head of Youth Services: \$2,500
- Administrative Assistant: \$2,500

The Library District has a credit card with Albertson's for purchases at Jewel-Osco. The credit limit of this card is set at \$500. Authorized employees may spend up to \$50 per transaction.

All charges on Library District credit cards must have supporting receipts which are submitted to the Business Department for reconciliation with monthly statements.

Petty Cash

A petty cash fund in the amount of \$500 shall be maintained in the Business Department for small cash purchases. In addition, a petty cash checking account exists with a maximum balance of \$500. The Business Director shall be responsible for keeping track of receipts and replenishing the funds. All purchases must have supporting receipts that must be submitted to the Business Department. All payments must be approved by the Library Director or his/her designee.

Internal Controls

The Library Director and Business Director shall establish a system of internal controls and written operational procedures designed to prevent loss, theft, or misuse of funds.

Authorized Signatures

Petty cash checks require two signatures from employees designated by the Library Board. All other checks drawn from the Library District's account requires two signatures from Library Board members.

Conflicts of Interests Prohibited

It shall be a violation of this policy for an employee or Library Board Trustee to participate directly or indirectly in the purchasing process when the employee or Library Board Trustee knows that:

1. The employee or Library Board Trustee is employed by or otherwise has a financial interest in a bidder, vendor or contractor involved in the transaction; or
2. The employee, the Library Board Trustee, the employee's or Library Board Trustee's partner, or any member of the employee's or Library Board Trustee's immediate family has a financial interest in or holds a position with a bidder, or contractor such as an officer, director, trustee, partner or the like, or is employed in a capacity involving personal and substantial participation in the transaction; or
3. The employee, the Library Board Trustee, the employee's or Library Board Trustee's partner, or any member of the employee's or Library Board Trustee's immediate family has a financial interest arising from the transaction; or
4. The employee, the Library Board Trustee, the employee's or Library Board Trustee's partner, or any member of the employee's or Library Board Trustee's immediate family is negotiating, or has an arrangement concerning, prospective employment with a bidder, vendor or contractor.

The employee's or Library Board Trustee's immediate family is defined as a spouse, children, parents, brothers and sisters, and any other person living in the same household as the employee or Library Board Trustee.

A financial interest includes any ownership or investment interest including stock, partnership shares and limited liability company memberships, as well as loans, bonds or other financial instruments that are secured by an entity's property or revenue.

It will be the responsibility of the Library Director to determine if a violation of this Policy has occurred and if further action is necessary in accordance with the Library District's Personnel Manual and/or other Policies.
