DISCUSSION

Jack Cook, insurance broker for the Library, gave an overview of the Library's current and upcoming health insurance plans. He mentioned that rates have increased, with slight increases for dental, vision, and life insurance. He noted the fact that offering a good insurance plan can be used as a tool to recruit and retain employees. For the upcoming renewal season, the Library will continue to offer the current platinum plan and has decided to give staff options by offering possible lower cost alternatives that include family coverage. The Library will be offering three plans; two PPO plans and one HMO. Cook discussed the plan differences and how each plan works. Employee contribution will be included in two of the plans, with the HMO plan having no premium for the employee. Director Jenkins mentioned that staff have been made aware of the upcoming changes and understand the reasoning behind them. Open Enrollment will begin in October with new plans going into effect in November. Cook will speak with the staff and explain the plans and answer questions. The Trustees agreed that offering multiple plans is a solid idea.

ADJOURNMENT
